

A line drawing of a house with a gabled roof. The house has a chimney on the left side of the roof. The front facade features a central gable with a small square window in the upper part. Below the gable, there are three large, vertically-oriented rectangular windows. To the left of the gable, there are three smaller, vertically-oriented rectangular windows. To the right of the gable, there is one smaller, vertically-oriented rectangular window. The house is shown from a side-on perspective, with a thick black line representing the ground at the bottom.

A line drawing of a house. On the left side, there is a tall chimney. The house has a gabled roof. In the center of the roof, there is a small dormer window. Below the dormer, on the front wall, is a large rectangular window with a horizontal bar across the middle. To the right of the main window, there is a small square window. On the right side of the house, there is a small rectangular structure, possibly a porch or a small addition. The house is drawn with simple black lines on a white background.
