

This architectural cross-section drawing illustrates a building with a complex internal structure. The drawing is oriented with a vertical section line A-A on the left and a horizontal section line E-E on the right. The building features several levels and rooms, each labeled with a letter and a number:

- P-4**: A room on the ground floor, labeled "POMIESZCZENIA - NIEOBJĘTE OPRACOWANIEM" (Rooms - not included in the design).
- P-5**: A room on the upper floor, located towards the right side of the section.
- P-7**: A room on the upper floor, located towards the left side of the section.
- P-8**: A room on the ground floor, located towards the left side of the section.
- S-1**: A room on the upper floor, located towards the right side of the section.

The drawing includes various structural elements and dimensions:

- Structural Elements**: Walls, floors, stairs, and a roof structure are shown. The roof is supported by a series of trusses.
- Dimensions**: Horizontal dimensions are given at the top (47, 957, 25, 772, 47) and bottom (47, 957, 25, 772, 47). Vertical dimensions are given on the left (839, 287, 670, 810) and on the right (798, 450, 323, 90, 380, 365, 0.66, 0.29, 2.93). Room dimensions are also provided (e.g., 980.5, 155, 200, 35, 2.08, 3.02, 0.66).
- Elevations**: Various elevations are marked, including +8.10, +6.70, +2.87, +8.10, +7.28, +7.03, +3.65, +0.66, +0.00, and -2.93.

Architectural cross-section drawing of a building. The drawing shows the internal structure with columns labeled 1, 2, 3, and 3. The roof has a 3% slope on both sides. Key elevations include +6.70 at the ridge, +6.15 at the eaves, +3.02 for the floor level, and -0.36 for the ground level. Section lines P-1, P-2, and P-3 are indicated. Dimensions include a total width of 14.31m and a height of 7.16m.
