Maintenance Agreement - Appendix

In addition to the system contract the licensee and SIGMA arrange the extension of the maintenance period in accordance with the system contract and the SIGMA General Contract Terms as following:

1. Payment

1.1 Starting with the payable maintenance SIGMA shall receive the payment referred to in the maintenance contract for the support services according to the current program specification.

1.2 The payment is invoiced in advance for the maintenance period and is due without deductions when received.

1.3 The duty to pay shall commence on the expiry of six (6) months after supply of the software, if not agreed otherwise.

1.4 In case of changes to existing prices the Licensee shall be informed four (4) months before expiry of the maintenance period.

2. Scope of Maintenance Services

The scope of support services is defined in Section 9 of the System contract

3. Term of the Contract and Termination

3.1 ~~The contract is concluded for an unlimited period.~~ Either party may terminate it by giving notice of three months to the end of a maintenance period, but not before the expiry of one maintenance period from the conclusion of the contract.

3.2 The right to terminate for good cause is reserved.. Good cause is found in SIGMA's favour in particular if the Licensee is in default with the payment of support charges of more than two months or if the Licensee fails to comply with the conditions for use and does not refrain from this immediately in spite of a written warning from SIGMA, in cases of danger without a written warning.

3.3 Notice of termination shall be given in writing by post or fax.

3.4 If not said in the sections 1 and 2 before, the system contract including program specification and the SIGMA General contract terms are part of this maintenance period extension in its entirety..
